"We've Lost Great Minds To Brain Cancer.
Use Yours To Help Us Find The Cure Today."

- Mario Lichtenstein, Founder, Voices Against Brain Cancer

OUR MISSION

Voices Against Brain Cancer's (VABC) mission is to find a cure for brain cancer and brain tumors by advancing scientific research, increasing awareness, creating a brain cancer and tumor community, and supporting patients, their families and caregivers afflicted with this devastating disease.

ABOUT VABC

About Voices Against Brain Cancer

Voices Against Brain Cancer is the personal brainchild of a family who lost their son to brain cancer.

"WE FEEL IT. WE KNOW IT. WE LIVE IT. WE GET IT."

Mario Lichtenstein, Founder Of VABC

VABC was founded in loving memory of Gary Lichtenstein who at 24 years old lost his battle with brain cancer on October 1, 2003. Gary was living in Chicago and working as an options trader at **Wolverine Trading** when he was diagnosed with a brain tumor on March 4, 2003.

After three months Gary slipped into a coma from which he did not recover. Soon after his passing, Gary's family started Voices Against Brain Cancer to raise money and awareness for the fight against this devastating disease.

"I couldn't save the life of my son, but perhaps I can save the life of others."

Mario Lichtenstein, Founder Of VABC
